

# SUPPORTING FAMILIES AND CANCER

(PROGRAMME FUNDED BY NORTH TYNESIDE CCG)

Helping families living with cancer and other difficulties to support their children through the challenges cancer brings

We have first-hand experience of living with complex problems and coping with cancer and in partnership with your family doctor we are here to help your whole family.

Our intensive community-based support helps families to

- cope with a cancer diagnosis
- access the right services
- give their children emotional and practical support
- have stability at home

We provide support to anyone registered with a North Tyneside GP. Referrals can be made by anyone at your GP surgery or you can refer yourself.
